this perennial best seller is written for advanced grammar and composition or advanced composition and conversation classes repase y escriba combines solid grammar coverage with contemporary readings from a variety of sources including literature magazines and newspapers readings are preceded by a short passage introducing the author and the context and is followed by vocabulary comprehension questions and conversation prompts the sección léxica teaches readers proverbs idioms and word families there are also topics for creative compositions with guidelines with updated literary and cultural readings repase y escriba includes an oral exchange to make the text more useful when stressing conversation

estamos convencidos que la tarea más importante que habría que acometer para dar solución al sector de la edificación especialmente en una época de crisis severa es comenzar a entenderlo como cualquier otro sector industrial manufacturero que produce bienes inmuebles destinados a la edificación por lo que la tarea más urgente es conseguir su industrialización para mejorar su calidad el precio de los productos edificatorios la seguridad y salud laboral minimizando su excesiva siniestralidad y la mejora de la relación calidad precio es decir para tratar de conducirlo a la excelencia dentro de la cual podemos incluir el problema de las responsabilidades de los aparejadores que nos preocupan muy especialmente la industrialización efectiva de la edificación debería conllevar un nuevo enfoque de esas responsabilidades de forma que se pareciera a lo que ocurre en otros sectores industriales con este libro lo que pretendemos es que los distintos agentes en especial los técnicos se conciencien del problema y ponga al servicio de su solución sus mentes acostumbradas a resolver los problemas complejos que con frecuencia se les presentan en el ejercicio habitual de su profesión no cabe duda alguna de que se trata de una tarea muy difícil pero creo que todos los técnicos estarán de acuerdo en que en el sector de la edificación sobran leyes y faltan soluciones técnicas inteligentes y prácticas destinadas a que resuelvan realmente los problemas no a que los compliquen o para que sirvan de plataforma a los teóricos para realizar tareas de lucimiento doctrinal absolutamente teóricas y que en ocasiones complican más que resuelven el lector tiene delante un libro sobre la profesión de aparejador que a pesar de lo que algunos piensen ha sido y es una de las más importantes en el sector de la edificación desde que tenemos noticias históricas de ella

vol 1 includes organization number published nov 1917
