alberto brugnoli and alessandro colombo have put together an important collection of essays on government and governance in italy and britain this richly documented comparative study proposes to answer two key questions how does the change from government to governance emerge and what enables this transformation to survive and even to displace state centric solutions to public policy issues the book will be a milestone in highlighting the distinctive and original role of the principle of subsidiarity

in examining and assessing governance regimes their philosophy and their organizational choices and in linking subsidiarity with the prospects of freedom responsibility and self governing societies in the modern world i know of no other book that brings the principle of subsidiarity to the frontier of the most current research in social science filippo sabetti mcgill university canada this unique and original book focuses on institutional changes welfare reforms and transformations in both britain and italy over the last three decades the book illustrates that although it was a widely held belief in both countries that the arena of social and economic governance would shift to the national level to the surprise of many a different trend has emerged in otherwise very different national experiences both britain and italy have seen the sub national level of governance become crucial in redefining public services and in designing delivering and monitoring key services the expert contributors use a distinctive and original principle subsidiarity as a lens through which to examine and assess these governance regimes their philosophies and their organizational choices academics researchers and students of social policy public policy public administration and regional studies will find this book to be a highly fascinating read it will also provide a wealth of information for policymakers and think tanks

giuseppe toniolo was beatified on april 29 2012 the first economist to be raised to the honors of the altar a prophet of rerum novarum pope leo xiii s encyclical considered the foundation of modern catholic social teaching toniolo 1845 1918 called for a capitalist economy epitomized by the lending of capital to the enterpriser to be replaced with a human economy par excellence so that capital may become a follower and ally of the industrious man in today s globalized economy toniolo s lesson and prophecy need a universal hearing they offer solid foundations for the science and practice of economics and the urgent renewal of a fragile global system in favor of the poor and the common good
